Today, 26 January 2015, the Supervisory Board has decided to partially exercise the authorization and issue warrants. The decision is made as a consequence to the results achieved in the earning period, i.e. the financial years 2011/12, 2012/13 and 2013/14.

The warrants give a group of employees and managers in the Company the right to apply for 273,827 shares at DKK 5 in the Company, and at the same time the Supervisory Board has decided to increase the Company's share capital in accordance herewith.

The capital increase is affected without any preemption rights for the existing shareholders of the Company or others. The shares are subscribed in cash at a price of DKK 12.17 per share of nominally DKK 5 equivalent to DKK 3,332,475. Proceeds to the Company, besides the nominal payment, amount to DKK 1,963,340. The capital increase corresponds to approx. 3.09% of the Company's share capital.

The value of each warrant was in January 2012 DKK 3.8 calculated by a Black-Scholes model with a risk free interest of 1.3% based on the historical volatility of the share.
