## RTX A/S initiates share buy back programme

The Board of Directors in RTX A/S (RTX) has decided to initiate the share buy-back programme authorised at the annual general meeting on 31 January 2014.

As of 31 January 2014, RTX holds 866,307 treasury shares of a nominal value of DKK 5, equal to 9.18% of outstanding shares.

The share buy-back programme runs from 3 February 2014 to 15 May 2014. In this period RTX will acquire shares with a value of up to DKK 3 mill. The share buy-back programme is initiated and structured in compliance with the EU Commission Regulation No. 2273/2003 of 22 December 2003 (the so-called Safe Harbour Regulative for share buy-back programmes) which ensures that RTX is protected against violation of insider legislation in relation to the share buy-back programme.

### Conditions for the share buy back programme

- The purpose of the share buy back programme is to address the company's capital structure and to hedge sharebased payments.
- RTX has entered into a contract with ABG Sundal Collier, in which ABG Sundal Collier acts as financial advisor and as Lead Manager of the programme. ABG Sundal Collier handles all purchase transactions independently and without influence from RTX.
- The maximum amount that RTX may pay for shares purchased under the share buy-back programme is DKK 3 mill. The authorisation of the annual general meeting gives RTX authority to own up to 10% of own shares.
- The shares cannot be purchased at prices exceeding the higher of (i) the price of the latest independent trade and (ii) the price of the highest independent bid on NASDAQ OMX Copenhagen at the time of the transaction.
- Due to low liquidity in the company shares, and in accordance with the Safe Harbour Regulative, the Board has decided to deviate from the limit of purchase of no more than 25% of the average daily volume of the company shares traded on NASDAQ OMX
