RTX raises the financial expectations for 2013/14

"During the first six months we have had a higher order intake and increasing forecasts from our major customers compared to the previously announced expectations. With the prospect of realizing this, we now raise our expectations for the year significantly" says President & CEO Flemming Hynkemejer.

Based on a positive order intake during the Company's second quarter and a favourable development in our customers' forecasts for the coming quarters we raise our expectations to both revenue and EBIT in the financial year 2013/14.

Revenue for 2013/14 is expected in the range of DKK 285-300 million and EBIT is expected realized in the range of DKK 30-38 million with an EBITDA in the range of DKK 38-46 million.

In connection with the issue of our annual report for 2012/13 on 6 December 2013 the expectations for the financial year 2013/14 were announced. Expected revenue was in the range of DKK 250-270 million and operating profit/loss (EBIT) in the range of DKK 18-24 million with an EBITDA in the range of DKK 26-32 million.
