*Summary: The RTX Telecom Group is negotiating a distribution agreement covering the Group's Skype compatible DUALphone with Giant Wireless Technology Ltd for some countries in Asia.*

Giant Wireless Technology Ltd today announced a distribution agreement with RTX Telecom covering the Skype compatible DUALphone for some countries in Asia.

RTX Telecom would like to clarify, that the agreement is under negotiation and that the parties have agreed on the general terms. The agreement has not yet been signed.

It is expected, that the agreement with Giant Wireless Technology Ltd will have positive influence on the Group's forecast for net turnover and EBIT for the coming financial years, based on royalty per unit sold. However, it is the management's opinion, that the estimated growth in revenue of USD 180 million over three years for Giant Wireless Technology is optimistic.
